Moms are invited to spend an afternoon with their 10, 11, or 12 year old daughter(s) discovering the joy of their special bond with one another and exploring the grace of God's special gift to girls and women.

In a loving and supportive atmosphere, both mothers and their daughters' ages 10 to 12, will be able to learn about God's plan for us through the gift of fertility and sexuality; and the holiness of chastity. Together, Mothers and Daughters will explore God's special blessing of human fertility and the beauty and wonder of the changes that occur in the process of growing up. This program emphasizes respect, understanding, and appreciation for God's gifts.

The Mother/Daughter Program explores God's special gift of a woman's fertility and the beauty and wonder of God's plan for growing up and becoming a woman. Aside from talking about the sacredness and dignity of human life, the afternoon involves a presentation on the changes in a girl's body as it prepares for motherhood - menstrual periods and the onset of ovulation; the functions of the female reproductive system; the virtue of chastity; reverence for our sexuality, and a confidential question and answer segment.
